Academia.edu Address:

<https://independent.academia.edu/AbbasBakhshipour>

LinkedIn Address:

<https://www.linkedin.com/in/abbas-bakhshipour-513b0a87/>

### INTERESTS

Anxiety and mood disorders, especially classification, assessment, etiological models and treatment. Cognitive-behavior therapy of anxiety and depression, philosophy of psychology, cognition & language.

### Educational Background (Last One First)

2003: Ph.D. Clinical Psychology- Tehran Psychiatric Institute- Iran.

1991: M.A. Clinical Psychology- Terbiat-e-Modarres University- Iran.

1987: B.A. Clinical Psychology- Shiraz University- Iran.

### Title of Doctorate Thesis

Structural relationships among dimensions of DSM-IV anxiety and depression disorders and dimensions of tripartite model (negative affect, positive affect, physiological arousal).

## **Teaching Experiences (Last One First)**

- Preliminary Application of Clinical Diagnostic Methods, from 2003 to present
- Preliminary Application of Interview and Treatment Methods, from 2003 to present
- Group psychotherapy for children and adolescents, from 2003 to present
- Application of Diagnostic Tests in Children and Adolescents, from 2003 to present
- Individual psychotherapy. University of Tabriz, Tabriz, Iran, from 2003 to present
- Epistemology, from 2019 to present
- Cognitive Tests in Clinical Psychology, from 2003 to present
- Advanced Psychopathology, from 2003 to present
- Psychopathology. University of Tabriz, Tabriz, Iran, from 2003 to present
- Group therapy. University of Tabriz, Tabriz, Iran, from 2003 to present
- Psychological Tests. University of Tabriz, Tabriz, Iran, from 2003 to present
- Cognitive-behavior therapy. University of Tabriz, Tabriz, Iran, from 2003 to 2005
- Mind & cognition. University of Tabriz, Tabriz, Iran, from 2003 to 2018
- Cognition & Language. University of Tabriz, Tabriz, Iran, from 1992 to 2017
- Clinical Psychology. University of Tabriz, Tabriz, Iran, from 1992 to 1997
- Child psychopathology. University of Tabriz, Tabriz, Iran, from 1992 to 1997
- Introductory psychology. University of Tabriz, Tabriz, Iran, from 1992 to 1997

## **Administrative Responsibilities**

- Member of East Azarbaijan Provincial Council of Psychology and Counseling Organization of Iran
- Head of Psychology. University of Tabriz, Tabriz, Iran, from 2004 to 2006.

## **Master and Doctorate Thesis Supervision**

Laden Hemti, M. A. (2022). The relationship of self-compassion with symptoms of depression and anxiety through perfectionism.

Sahar Sanat Joo, Ph.D. (2021). The relationship between brain-behavioral systems and Cloninger's nature-behavior model with dark four dimensions of personality.

- Shaghayegh Khodayee, M. A. (2022). Examining the role of neuroticism, self-esteem, core self-evaluation and interactive patterns on couples' marital satisfaction.
- Hania Siddiqui, M. A. (2022). Structural relationships of dark personality traits with marital satisfaction with the mediation of cognitive emotion regulation strategies.
- Shimasadat Mousavi, M. A. (2022). Examining the relationship between core self-evaluation and levels of corona anxiety (anxiety caused by corona) with the mediation of emotional regulation strategies.
- Zahra Fathi Kandi, M. A. (2022). Comparison of Child Marriage symptom profile with single women or girls.
- Nageen Zeerak, M. A. (2022). Comparison of the cognitive profile of working memory, processing speed, verbal comprehension and perceptual reasoning in children with acute lymphoid leukemia under chemotherapy, improved by chemotherapy and healthy children.
- Nasim Sabri, M. A. (2022). Comparison of attitudinal and perceptual body image in women with body image dissatisfaction and normal women
- Zahra Bagheri Roshani, M. A. (2022). Examining the role of worry (anxious thinking) in sleep quality in people with high symptoms of generalized anxiety disorder.
- Fereshteh Shabani, Ph.D. (2022). The effectiveness of treatment based on acceptance and commitment on perceptual body image and attitudinal body image and narcissism in patients with body dysmorphic disorder.
- Maryam Erian, M. A. (2022). Prediction of autism spectrum disorders based on systemization and empathy factors in male and female students.
- Mohsen Ghasemzadeh, M. A. (2022). Comparison of mentalization, emotional dysregulation and impulsivity in the degree of cyberspace addiction in students.
- Samad Fahimi, Ph.D. (2022). Examining the fit of Yang's schema-based model in the symptoms of cluster c personality disorders and the effectiveness of schema therapy in reducing the symptoms of obsessive-compulsive personality disorder (OCPD).
- Farzana Abdul Maliki, M. A. (2022). Investigating the relationship between body image disorder and suicidal ideation due to anorexia nervosa in female students of Tabriz University.
- Runak Poormand, M. A. (2022). The Effect of Mortality Salience on Self-Objectification in Adolescents: The Moderating Role of Body Self-Esteem.
- Haniyeh Faqihe, M. A. (2022). The Relationship between Emotion Regulation Difficulties and Problematic Smartphone Use in Young Adults: A Mediation Model of Depression and Perceived Social Support.

- Fatima Roshni Asl, M. A. (2022). The relationship between parenting styles and academic self-handicapping with the mediation of coping strategies in adolescents.
- Avah Behroozi, M. A. (2021). The effect of mood induction on the reduction of procrastination value and high-risk decisions of adolescents with the mediation of brain and behavioral system.
- Zainab Kafshkanan, M. A. (2021). Comparison of emotions of shame and guilt and history of childhood abuse in two groups of teenagers with self-harming behaviors with and without suicide.
- Yunus Mamandi, M. A. (2021). Comparison of people with high and low aberrant salience in terms of perception of visual and verbal metaphors.
- Kiyomarth Reyhani Mehr, M. A. (2021). The effectiveness of metacognitive therapy on reducing dissatisfaction with body image and obsessive beliefs of people with body deformity syndrome.
- Haniye Manuri Dareyan, M. A. (2021). Structural relationships of dark triad traits with sleep quality due to the role of anger.
- Samaneh Irani. M. A. (2021). Determining the effectiveness of attention-based therapy on improving attention and executive functions of adolescent girls with attention deficit hyperactivity disorder.
- Mohammad Moghatili, M. A. (2021). Examining the psychometric properties of the "Indices of Personality Problems Severity (SIPP)" in Tabriz University students.
- Fatemeh Mokhtari Khatibi, M. A. (2021). The relationship between Yong's five Schema Domains and adolescents' Dark Tetrad Traits.
- Hossein Pouyan Moghadam, M. A. (2021). Structural model in explaining the relationship between mindfulness, cognitive emotion regulation and resilience through perceived stress and cognitive flexibility.
- Sayedah Somia Asadi, M. A. (2021). The relationship between attachment security and parents' reflective capacity with the cognitive regulation of adolescents' emotions: the mediating role of adolescents' mentalizing ability.
- Maneejeh Khodaye, M. A. (2021). The role of insecure attachment, dysfunctional attitudes and low self-esteem in predicting depression and anxiety symptoms in adolescents.
- Fateme Ghasemi Tabegh, M. A. (2021). Effectiveness of Acceptance and Commitment Therapy (ACT) on experiential avoidance, depression and anxiety in love trauma syndrome.
- Yeganeh Rostami, M. A. (2021). The relationship between parental stress and parents' marital intimacy with children's obsessive-compulsive disorder symptoms with the mediation of corona anxiety.
- Leila Ebrahimpour, M. A. (2020). The Prediction of Risk taking based on Triarchic Model of Psychopathy, and sensation seeking in Tabriz university students.

- Mona Majidipour, M. A. (2020). A Comparison of Aversion towards Self, Aversion towards Self-cutting Stimuli and Attitude towards self-cutting Social Norms in Subclinical Adolescent Nonsuicidal Self-injury (NSSI) Patients and Healthy Individuals.
- Mohammad Jafari, M. A. (2020). Early Maladaptive Schemas as Moderators of the Impact of Stressful Events On Anxiety and Depression in University of Tabriz Students: Using Structural Equation Modeling.
- Nargese Yeganeh, M. A. (2020). Structural relationships of personality factors with symptoms of narcissistic personality disorder due to the role of schadenfreude.
- Mohammad Mahmoudi, M. A. (2020). Effectiveness of treatment based on cognitive training in improving quality of life and mood stability (decreasing depression and anxiety) in people with dementia.
- Hossein Kamali Qasimabadi, M. A. (2019). Comparison of executive functions, historical memory and time perception in people with high and low symptoms of obsessive-compulsive disorder.
- Afsaneh Jorbonyan, Ph.D. (2019). Evaluation of Hoffmann's Modified Model of Social Anxiety: Presenting an Integrated Bio-Psycho-Social Model.
- Seyyed Sana Fekrazad, M. A. (2019). Comparison of attention system and attention bias in bilingual and monolingual children and adults
- Farnaz Jahanbin, M. A. (2019). Comparison of executive functions, rapid response impulsivity and choice impulsivity in attention deficit/hyperactivity and normal children.
- Sadegh Melai Kandlos, (2019). Predicting Personality Features Based on Defense Mechanisms and Somatic Complaints: A Neural Network Approach.
- Shiva Bayat, M. A. (2019). The effectiveness of cognitive therapy based on the conscious mind in the treatment of obsessive-compulsive disorder.
- Nasim Khodaigani, M. A. (2019). Determining the effectiveness of cognitive behavioral therapy on reducing self-injury, depression and anxiety among self-injured adolescents
- Mehdi Khoranian, Ph.D. (2018). The Effectiveness of Transference-focused Psychotherapy on unity, reflective action, cross-transference behavior and reducing symptoms in patients with borderline personality disorder.
- Ali karimi, M. A. (2018). Predicting Dark Triad Personality Based On Childhood Abuse: The Mediating Role of Alexithymia.
- Saiyed Mohsen Momeni, M. A. (2018). The Efficacy of Existential Psychotherapy on Signs and Symptoms of Love Trauma Syndrome.
- Mona Azerboyeh, M. A. (2018). The effectiveness of cognitive-behavioral therapy in improving the symptoms of tic disorder in children.
- Mikael Bakshesh Borojni, M. A. (2018). The Relationship between Intolerance of Uncertainty and Thought-Action Fusion on Sleep Quality by Mediating Role of Rumination, Obsessional Beliefs and Worry.

- Saeed Abbasi, M. A. (2018). Investigation of executive functions in people with high and low levels of schizotypy.
- Sovda Abbasi Balanchi, M. A. (2018). Investigating the correlation between the level of neural activity in the frontal cortex and the rate of response inhibition through EEG recording.
- Pareeya Lotfi, M. A. (2018). The effects of Sexual Skills Training on Marital Satisfaction and Couples Sexual Schemes.
- Mustafa Askari, M. A. (2017). Comparison of superior right-handed people and superior left-handed people in terms of self-concept, anxiety, executive functions (selective attention and planning) and motor task (hand dexterity).
- Mohammad Jadi baghcheh, M. A. (2017). Comparison of brain-behavioral systems and personal variables in criminals and normal people.
- Zahra Moradi, M. A. (2017). The effectiveness of mindfulness-based cognitive therapy on rumination and symptoms of major depression.
- Roya Homayouni, M. A. (2012). The causal structural relation of personality traits and externalizing spectrum dimensions of the integrative hierarchical model.
- Mahdi Karimi, M. A. (2012). Cognitive rigidity in unipolar depression and obsessive-compulsive disorder.
- Roghieh Hassan-zadeh. Ph. D. (2011). The correlation of the cognitive capacity with recovery of hand sensibility after peripheral nerve injury of upper extremity.
- Samarah Asadi, M.A. (2011). The comparison of perceived stress, health locus of control and perceived social support in individuals with type D personality and non-type D.
- Ahmad Amiri, M.A. (2011). The efficacy of metacognitive therapy for obsessive-compulsive disorder.
- Hassan Baphandeh, Ph.D. (2011). The Comparison of Theory of Mind and executive functions in schizophrenic patients and their non-schizophrenic sibling with normal people.
- Nasser Pourali, M. A. (2011). The comparison of memory profile in the first episode and chronic schizophrenia.
- Siamak Fatollahi, M.A. (2011). Structural relation of temperament and character components of personality with emotional disorders.
- Yones Ghasembaklou. M.A. (2010). The inquiry of the relationship of personality profile and coping style in delinquent people.
- Salman Safikhanlou. M.A. (2010). Comparison of behavioral-brain system`s function in major depression and bipolar disorders.
- Negin Montazeh, M.A. (2010). Efficacy of cognitive-behavior therapy based on Dugas model in generalized anxiety disorder.

- Zahra Bahadori, M.A. (2010). The structural relationships among biosocial model of personality metacognitive beliefs and generalized anxiety disorder and obsessive-compulsive disorder in non-clinical sample.
- Asghar Vossoughi, M.A. (2010). Structural relation of personality dimensions of NEO-FFI with cluster symptoms of anxiety disorders and depression.
- Leyla Shatari, M.A. (2009). The comparison of emotional recognition in schizophrenic patients and their non-schizophrenic sibling with normal people.
- Amad Mansori, M.A. (2009). The comparative study of worry, obsession and rumination in individual with anxiety disorders and depression.
- Saeideh Gheslaghi. M.A. (2009). The study of relationship between responsibility and intolerance of certainly with obsessive-compulsive subtypes among students of Islamic Azad University, Tabriz branch.
- Robab Faraji. M. A. (2009). The study of relationship between thought-action fusion with obsessive-compulsive symptoms in patients with OCD.
- Akram Arji, M.A. (2008). A comparative study of the personality trait, sensation seeking and coping strategies in HIV positive addicted patients and normal groups.
- Salman Abdi, M.A. (2008). Causal relation of perspective taking, emotional comparing, sex role orientation, self-monitoring and emotion regulation with emotional empathy of university students.
- Hossein Gholizadah, M.A. (2008). Empirical fitness of congruency hypothesis of stress and sociotyopy and autonomy in patient with depression.
- Zahra Sareyolghadm, M.A. (2008). The role of psychological hardiness in mediating negative effects of stress on memory functioning.
- Hassen Saborimoghaddam, Ph.D. (2008). Effects of motivational manipulation and brain-behavioral systems on neural conductance.
- Reza Abdollahi, M.A. (2006). The relationship between behavioral inhibition/activation systems with implicit and explicit memory bias in depressed individuals.
- Zolikhah Gholizadah M.A. (2005). Analysis of environmental, personality and problem solving factors influencing the run-away girls.
- Raman Moradi, M.A. (2004). The investigation on the interaction of personality traits (extraversion introversion / neuroticism) and positive/negative mood on the recalling of emotional words.
- Sajjad Irani, M.A. (2004). The investigation on the relations of personality traits, personality disorders, and coping strategies in addicts.
